IMPORTANT SAFETY INSTRUCTIONS!

WARNING: A WARNING alerts you to the possibility of serious injury or death if you do not follow the instructions.

CAUTION: A CAUTION alerts you to the possibility of damage or destruction of equipment if you do not follow the corresponding instructions.

WARNING: Failure to read, thoroughly understand, and follow all instructions can result in serious personal injury, damage to equipment, or voiding of factory warranty! It is the installer's responsibility to make sure all components are properly assembled and installed using the instructions provided.

WARNING: Use this mounting system only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.

WARNING: Never operate this mounting system if it is damaged. Return the mounting system to a service center for examination and repair.

WARNING: Do not use this product outdoors.

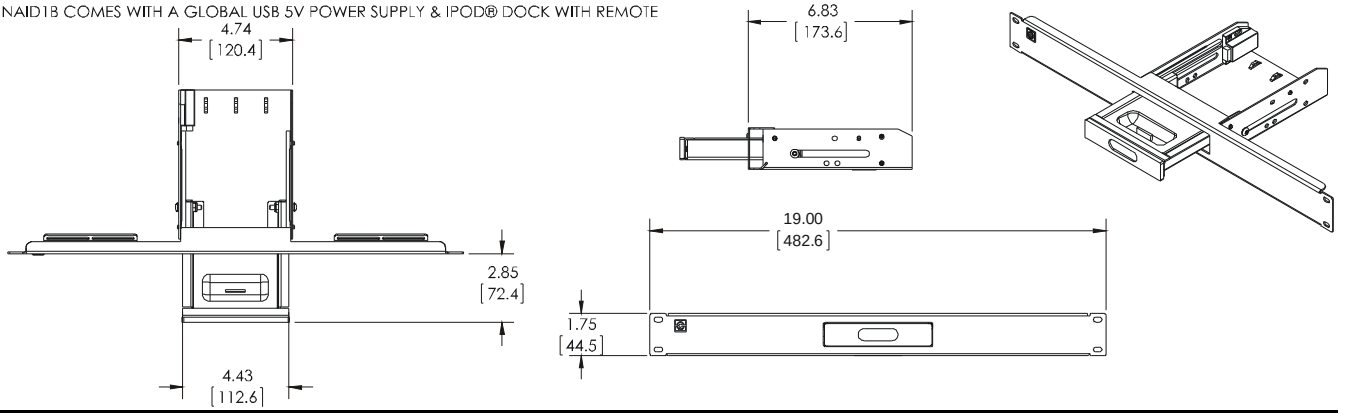
DIMENSIONS

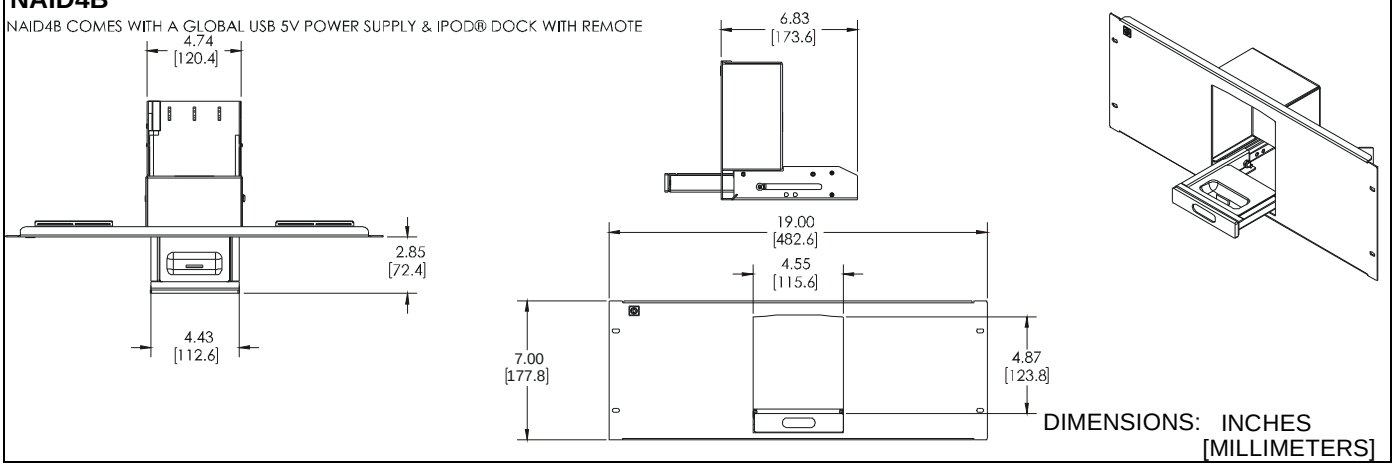
NAID1B

NAID1B COMES WITH A GLOBAL USB 5V POWER SUPPLY & IPOD® DOCK WITH REMOTE



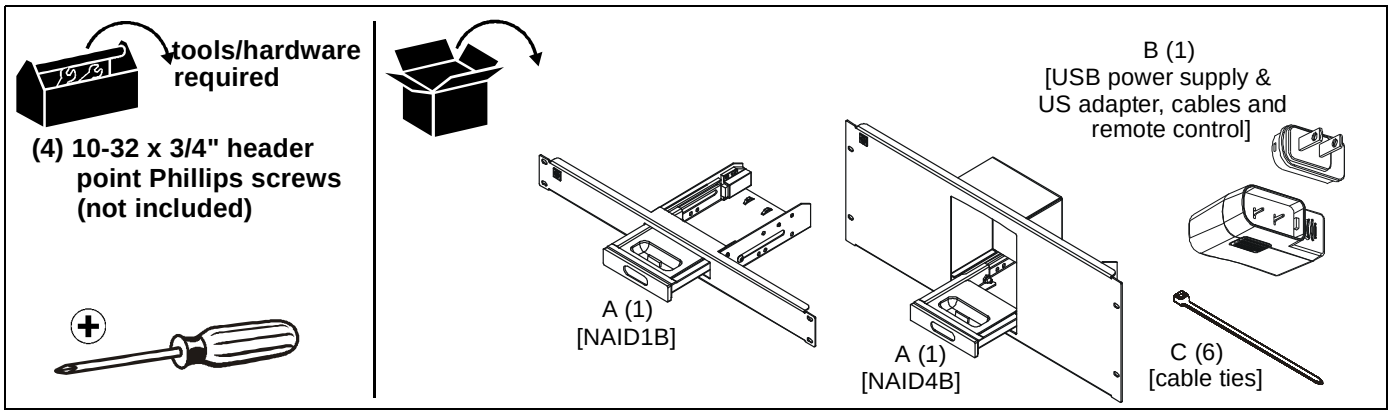
NAID4B

NAID4B COMES WITH A GLOBAL USB 5V POWER SUPPLY & IPOD® DOCK WITH REMOTE



DIMENSIONS: INCHES [MILLIMETERS]

TOOLS / HARDWARE / PARTS



tools/hardware required
(4) 10-32 x 3/4" header point Phillips screws (not included)
A (1) [NAID1B]
A (1) [NAID4B]
B (1) [USB power supply & US adapter, cables and remote control]
C (6) [cable ties]

ASSEMBLY AND INSTALLATION

NOTE: The iPod® docks (NAID1B, NAID4B) are designed for use with 19" wide equipment racks. See the specific installation instructions provided with the rack for additional installation information.

1. Attach the dock (A) within the rack, using four 10-32 x 3/4" header point Phillips screws (not included). (See Figure 1)

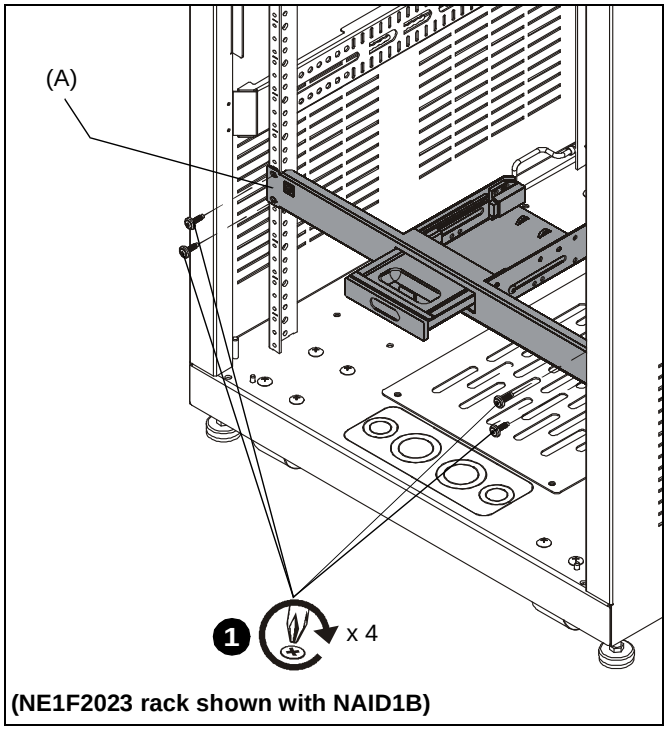


Figure 1

NOTE: Push iPod® dock drawer **IN** to both open and close drawer.

2. Plug iPod® into 30 pin connector in dock (A). (See Figure 2)
3. Plug cables into appropriate connection point. (See Figure 2)

NOTE: The iPod® may be charged through the USB jack on back of dock, or by using the USB power supply and adapter (B).

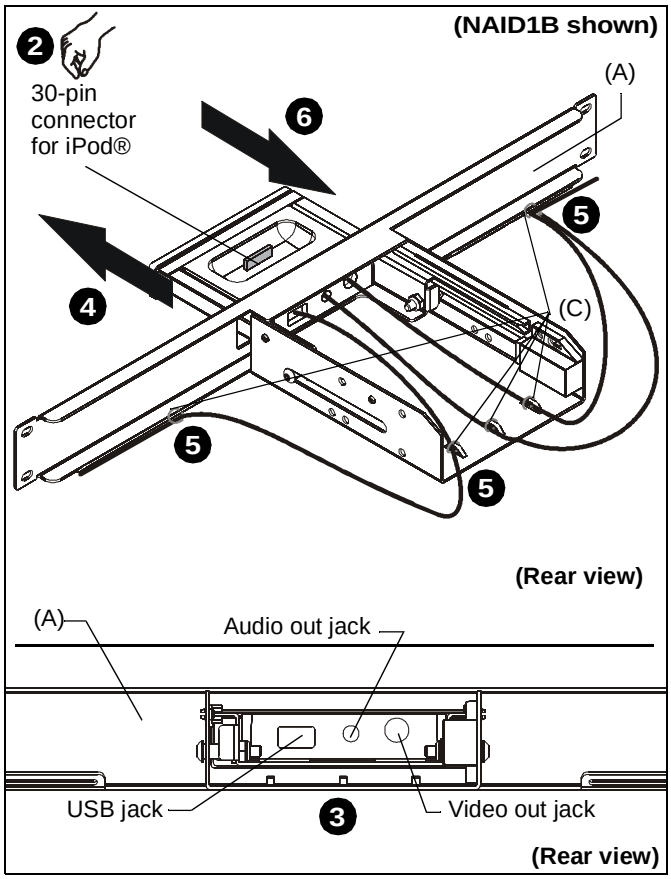

Figure 2

4. Fully extend drawer and leave it open. (See Figure 2)
5. Use cable tie loops (C) as desired for strain relief and to manage cables. (See Figure 2)

IMPORTANT ! : If cables are tied down while the drawer is shut, cables may be disconnected or damaged when drawer is opened! Make sure drawer is fully extended when securing cables in order to provide a proper length and unhindered operation.

6. Close drawer and complete the installation following the rack installation instructions.

Installing an IR Emitter (Optional)

NOTE: For a discrete, clean look, a space was designed in front of the dock yet behind the IR window to allow for a third party IR emitter to be installed. Emitter wire may be routed along the side and out the back.

1. With drawer closed, remove iPod® dock from drawer. (See Figure 3)

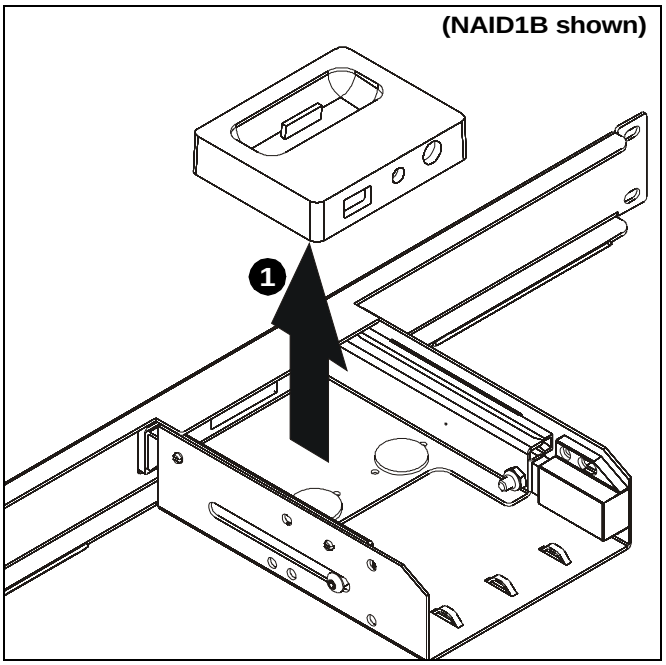

Figure 3

2. Open drawer and install IR Emitter (not included) to front of drawer or on front of iPod® dock sensor as per IR Emitter's manufacturer's instructions. (See Figure 4)
3. Use cable ties (C) as desired to manage IR Emitter cable. (See Figure 4)

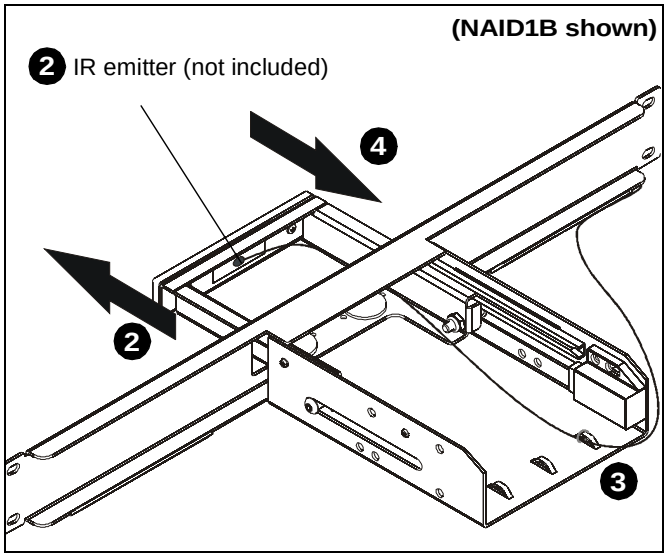

Figure 4

4. Close drawer and reinstall iPod® dock to drawer. (See Figure 5)
